In the context of the International Data Protection Day, on 26 January 2024, the Agency of Access to Public Information (AAIP, its acronym in Spanish) published their "Recommendations to protect personal data on the internet".

The AAIP reminded readers that if the entities responsible for processing personal data fail to fulfill any of their obligations, citizens can check, seek advice or file a complaint before the AAIP, free of charge, through the "Proceedings" tab on its website

Toeing the 'fine line' of cloud security compliance.
