Canada to launch new federal office targeting financial crime and fraud.

Read more: <https://shorturl.at/dgapY>

Canada is creating a new federal office to lead efforts against financial crime. The initiative marks the government's most significant move yet to modernize its approach to fraud and money laundering.

The Financial Crimes Agency is the centerpiece of Canada's National Anti-Fraud Strategy for its Budget 2025, according to a press release Monday. It will focus on money launder, organized crime, and online financial scams when it's formally established in spring 2026.
