Swiss government freezes funds in Nicolás Maduro's accounts.

Read more: <https://shorturl.at/V89QE>

The Swiss government reported that banks in the country immediately froze the funds held in accounts belonging to Nicolás Maduro and his close associates, for an initial period of four years.

According to the Swiss government, the decisive factor for freezing the accounts "is that a loss of power has occurred and it is now possible that the country of origin may initiate legal proceedings in the future with respect to assets acquired illicitly.
